January, 2003 --- NASA Lewis Ski Club

THE ELONEN-WRIGHT STUFF

Again, think snow!!!! It really seemed to work last month! Hopefully a few of you got out and did a little sliding on that white stuff. Hold that thought and sign up for our wonderful ski trips. We are a ski club. We ski. A lot – when we can! Our club has something for everyone – check out the trip flyers at the back of this newsletter.

Last month I tried to “talk up” our alpine ski schedule. This month I’ll focus on the Nordic (a subject near and dear to my heart. Yes, that’s right! For all of you who didn’t know it before now, **YOUR SKI CLUB PRESIDENT PREFERS CROSS-COUNTRY SKIING TO ALPINE!** Shocking news, but I know you can handle it!) Cross-country skiing is wonderful because it is anything you want it to be. You can be a maniac and race [brief interlude: my crazy husband races in those loooong marathon races. Imagine cross-country skiing as fast as you can for 3-4 HOURS without a break. But then you knew he was crazy because he’s married to me, right?!], you can do it for its excellent fitness benefits, you can do it to enjoy a “walk” in the woods on a beautiful wintry day, and you **STAY WARM** while doing it! Margaret Proctor, our VP-Nordic, has a whole line-up of **OPPORTUNITIES** for this club to get out there and give it a try. A couple of bus trips and a number of local outings are planned. There’s even a race for those of you who are so inclined. In fact, I challenge you to beat me at the 5k classic race at the Nordic Flurry, the Ohio Championship Cross-Country Ski Race! Any takers?! (By the way, I’m not

very fast, so it is a reasonable idea that you could come on out and beat me!)

It is with sadness (and a lot of frustration) that I report that the long weekend trip to Lake Placid has been cancelled. We simply did not get enough people to sign up by the deadline. Read that last prepositional phrase again “**BY THE DEADLINE**”... I did receive a few calls from people interested in the trip **LATE**. But by then, it truly was too late. (We set and advertise deadlines for a reason -- they are not arbitrary.) A **BIG “THANK YOU”** to Al Linne who planned that trip and did an enormous amount of work to set everything up. ...The good news is that almost every person who did sign up for the Lake Placid trip will be going skiing **ANYWAY!** We are a hardy lot who will not be stopped by a measly, technical detail like a cancelled trip! Bravo!

In the interest of planning next year’s trips, would you please take a moment at the next club meeting and tell Al Linne, Margaret Proctor, Tony Shook and/or me (the 3-VPs and the pres) why weekend trips just don’t seem to work out for this club. We’ve tried a few the last few years and none of them have happened. Hmmm... We need to know why. Give us your thoughts so that we can better plan trips for the coming years. Thanks in advance.

Skiously yours,

Linda Elonen-Wright

Our Ski Queen ...

By the time you read this, I will have already returned from an early season ski trip to Steamboat Springs, Colorado! I was the most fortunate recipient of 2 3-day adult lift passes to Steamboat Springs which was one of the many fine prizes I won for being your ski queen in the CMSC ski queen pageant.

Representing the NASA Lewis Ski Club as their 2002 CMSC ski queen candidate was quite an honor. Although, I didn’t win the pageant, it was a growth experience for me and fun too. As a result of participating in the pageant, I have met many wonderful members of other

clubs and I now feel more a part of the NASA Lewis Ski Club and the Cleveland ski community.

Without a ski show this year, the venue for the ski queen pageant was different than for past years. Despite all the necessary changes, the pageant process was seamless to me and the party afterwards was the most fun. I have since been attending various CMSC member ski club activities and by virtue of being your ski queen, I have felt very welcome and comfortable at these events.

I thank you all for your support of me as the NASA Lewis Ski Club queen. -- **Kristen Newcombe**

Advice - Equipment - Clothing - Prizes

Greg Maguire of Little Mountain Limited treated us to a grown up version of show and tell at the December meeting of the NASA Lewis Ski Club. He brought several items of winter time interest and told something about them. It was an informative presentation and demonstration of newer ski boots, newer skis, proper ski poles and ski clothing.

The ski boot should be worn with only one proper pair of sox for a good fit. Nothing else. No stirrup pants or long underwear tucked in the boots. These items will affect the fit of the boots. That was one of the many tips given to us by Greg.

We were told about things and stuff we can use to make our ski runs easier. Ski wax and a smoothing stone can be carried in your pocket for a quick fix when you are on the slopes.

Due to very successful membership drives at both the Boston Mills Open House and at the NASA Glenn Main Cafeteria, we have 40 new members! The current membership stands at 187. Contact Gene Addy, at 216-977-7467 for membership details or find the membership form on the club's website, <http://LewisSkiClub.org> .

Fellow Alpine Enthusiasts ...

The season finally arrived. We are having our typical Cleveland start of winter with 19 degree days followed by 50 degree days. To make a long story short, the weather is right for skiing. So, take a look at all our trips and start signing up.

All the flyers have been reviewed and are available and are posted on the ski club's web site. The bus contracts have been received and are being delivered to all the trip

Better yet, ski with a friend who carries these things in his or her pockets. Skiers are a helpful bunch. Let a friend do it for you.

For a real tune of your gear have a professional do it.

There were questions and answers that benefited all attendees. Little Mountain Limited donated a gift certificate and several prizes that were given out at the end of the meeting.

Thanks to Greg we now know much more about skis, boots, snow blades, footbeds and helmets. The USA Ski Team speed suit was modeled by a couple of our members.

A hugh thanks to Greg Maguire of Little Mountain Limited in Mentor, OH

coordinators. This completes the final item for all the day trips. We regrettably have to say that the Lake Placid trip was cancelled. All the other trips are on and we are expecting a great time for all the participants.

Please take a look at the flyers for the trips and start making your trip plans. – Al Linne

NORDIC EVENTS

Our first cross-country ski outing will be at Chapin Forest on Sunday, January 5th. Chapin is a great place to give cross-country skiing a try. Trails are groomed for both track and skate skiing and range from easy (flat) for beginners to moderate (gentle climbing) to difficult (steeper hills up and down). Rental equipment is available, there's a warming hut & restrooms, and lessons are offered. See the flyer for details.

The Lake Placid trip was cancelled due to lack of interest. (Please thank Al and Linda when you see them for their efforts in planning.) Sign ups for our one day trip to Wilderness Lodge in Watsbury, PA on Monday, January 20th are starting to come in. Do join us!

We'll cap off January with FAST (or fun) Saturday morning ski at Chapin Forest by participating in the Ohio

Art Roscoe trip update...

As you are aware, this is the last newsletter reminder you will read before we venture to the legendary Art Roscoe Nordic Bus Excursion on Saturday, February 1st.

As stated on the informative flyer, we will have a festive group dinner afterward in Olean and the dinner choices and alcohol options are abundant. The trail network is expecting fresh snow for our skiing pleasure. If you have not seen this ski area before, you will probably want to bring your camera as the views are awesome. Another item you

NORDIC FLURRY (5 or 10 K race) on January 25th. (See details below.) Note: THIS IS A CHANGE. We will not be going to North Chagrin Reservation on January 25th. We will go to North Chagrin Reservation on Saturday, February 15th instead of Punderson.

Roger Meredith is running a trip to Art Roscoe x-country ski area in New York. I've skied there before and it's a great place to ski. Check out Roger's trip flyer and sign up!

If you are interested in going on an impromptu x-country ski outing after work, let me know. I'll give you 24 hour notice. If we meet at 4 p.m. we'll have about an hour to ski before it gets too dark. We'll just ski in the metroparks near NASA...probably meet at the Rocky River Interpretive Center parking lot... or maybe Mastic Woods.

-- Margaret Proctor

might want to bring is a small day-pack to put some items in that you might want to have with you on the trail loops. Some of the loops are several miles long and it's nice to have a place to stuff one of those layers you wore when you left the warming hut.

Through tough negotiating with the fine folks at the ski area, we have discounted the rentals to \$10.00 (you save \$3.00!!). Any overpayment from previous applications will be cheerfully refunded on the bus.

We expect a full bus and have a seat for you and possibly for your friends...but time is running out. Don't wait too long to get your application and payment in...or you will miss out. For trip planning simplicity, we are limiting the waiting list to 13 slots.

Thank you and hope to see you on the bus.

Racing Report - News too fast to print

The season is upon us, and the team is ready to go. I got to start breaking in my new boots at Blue Knob on December 7. It sure felt good to get back on snow. The schedule has been published previously, so I won't take up valuable space with it again. Remember, the CMSC Qualification event is Thursday, December 26, at Boston Mills. Show up at 6pm, and sign up in the Basketball Court, the big room above the rental shop. We have gotten approval from the Board, once again, for some money to defray the cost of getting into racing. Some might call it *bribery*; I like to think of it as *incentive*. At any rate, the Club will pay the registration fee for any first time racer. All you have to do is ski down the hill, and turn around some pretty plastic poles stuck in the snow! What a deal!

looking good. We have four skiers and two snowboarders committed to compete. Anyone else, please let me know by Thursday January 4, if you want to pre-register. This will save you \$5 in fees. The pre-registration deadline for the Bristol Race is Thursday, Jan. 9, and for Boston Mills, it's Thursday Jan. 23. Sign up early, sign up often, but please sign up! Look for the first racing results to be published in next month's newsletter. In the meantime, you can log into skicleveland.com, follow the link to racing, and find the most current standings and information on the CMSC racing program.

As always, give me a call if you want to know what racing is all about. See you on the slopes!

Your Humble Race Chair,
-- Mark Hyatt

Ski Denton

Friday, January 31, 2003

This BUS trip is brought to you by the NASA Lewis Ski Club.

PRICE \$51 - adult. Membership required.

**** 65-69 years old = \$37; 70+ years old = \$27****

Are you getting tired of always skiing at the same two
Ellicottville ski resorts?????????

Maybe it's the time to try a new and different ski destination.

**Join the fun on Lewis Ski Club's first ever trip to Ski Denton
and add a new ski pin to your collection!**

Ski area description. The Ski Denton is located near Coudersport, Pennsylvania (county population of 18,000), about 15 miles south of the New York border and in the heart of Northern Pennsylvania's heavy snow country.

Ski Denton is best known for its "park like" setting and uncrowded slopes; in fact the ski resort is actually a PA state park. Ski Denton is similar in size and character to New York's Swain Ski Center, with a vertical drop of 650 feet, but just a slightly longer travel distance than our usual one-day ski destinations. The Ski Denton allows both skiing and snowboarding on a variety of trails, from gentle beginner slopes, to trails that are advertised as the "Steepest in the East." Ski Denton has a full service dining lodge, ski shop, rental shop and ski school.

Package includes: Round-trip bus transportation from Cleveland to the Ski Denton, including an evening stop in Olean, NY, for dinner on your own. We will also provide breakfast snacks and juice, plus post-skiing beverages on the bus. If you need to rent equipment or desire lessons, there are additional charges (*at a 20% group discount*).

Itinerary:

6:00 AM - Leave NASA Parking Lot (photo ID required to enter NASA)

Cross-Country Skiing at Art Roscoe Ski Area

in Allegany State Park near Salamanca, New York

This BUS trip is brought to our members by: NASA Lewis Ski Club, Inc.

Saturday, February 1st, 2003

Early-bird Price (due by January 25th, 2003): **\$47.00** (\$52.00 if you are drinking alcohol with dinner)

Procrastinator's Price: Additional **\$5.00** **Children** (12 years and under): **\$5.00 dinner Discount.**

This is a one-day Nordic ski-trip, with a snowshoe option, including meals (breakfast snack on bus, lunch at the warming hut and a group banquet dinner in Olean). We will depart from NASA at 6:30 A.M., eastside pick-up at Home Depot on Wilson Mills Road, near I-271, NW corner of parking lot at 7:00 A.M. We should be back at NASA around 11:00 p.m.

Ski area description: Art Roscoe Ski Area has 45 KM of tracked, groomed trail loops (over 25 miles) with trails ranked in the traditional ski code. The code reads: green circle (easiest in THIS ski area), blue square (intermediate difficulty trails) and black diamond (the most challenging trails at Art Roscoe Ski Area). Some trail loops allow skiers to travel both clockwise and counter-clockwise, which changes the experience, creating an effect of a new trail. It is good practice to warm up on the easier trails and advance to the more challenging trails as your personal abilities and experience allow. Since all ski areas are rated only with respect to themselves, having skied a black diamond on one mountain might have no relevance to the black diamonds of this ski area. **Ski conditions at Allegany state park: (716) 354-9163**

Note: We have run this trip before, and in the past, we have always have beginner XC skiers as well as the most advanced, and everyone has had plenty of trails to ski.

Package includes: Round-trip transportation from Cleveland to Allegany State Park, to Olean for dinner and back to Cleveland. We will also provide breakfast pastry on the bus and a light lunch at the warming hut. Equipment rentals are extra, rates given below. We should arrive in Allegany State Park between 10 and 10:30 a.m., ski groomed trails (or snowshoe) all day, stopping at the warming hut for hot food and/or picnic lunches at your schedule. We will be leaving the ski area at 5:00 to go to Olean. Depart for home at 7:30 and arrive at NASA around 11:00 p.m. There are seven banquet menu choices that you will need to select from (two vegetarian, two pastas, two chicken and one fish.) If you are over 21 years old and want alcohol with dinner, that's available as well. Children 12 years old and younger will be discounted \$5.00 from the cost of the banquet.

RENTALS for the day are available as follows:

XC Skis with Solomon SNS bindings and Solomon ski boots.

Package: \$13.00, Separately: skis-\$8.00, boots-\$5.00, poles- \$3.00
