## Dear Ski Club Members:

It's snowing! Hopefully a few of you are getting out there and doing a little sliding on that white stuff. Hold that thought for a moment and sign up for our wonderful ski trips. We are a ski club. That's why you're here. I can't believe you're a member JUST to enjoy reading these president's letters or for the club's business meetings!

Our club has something for everyone – check out the Alpine and Nordic trip flyers at the back of this newsletter. I know this time of year is really, really busy. We've got the holidays to prepare for. We've got "Lord of the Rings" to go see. (Can you believe the BEAUTIFUL scenery in that movie?! We've got to go to New Zealand to ski and sightsee... Are there any trip coordinators out there willing to pull that together?! Please?!! We've got cookies to bake and cards to mail and candles to light and presents to buy... BUT, DON'T FORGET YOUR SKI TRIPS TO PLAN! We've done most of the work for you. Just pull out the schedule, check your calendar and then write the checks. Leave the rest to us!

And don't forget the non-snow Activities! Give Tony Shook a call and offer to help with something. He's got a list of ideas and they're just waiting for you to step forward and make them a reality.

Finally, I must ask, have you renewed your membership? Call Gene Addy, sweetly beg his forgiveness (Tom Wallett) for being late (Tom Wallett) and then mail in your membership dues (Tom Wallett). The time is NOW! (Tom Wallett!) And "Thank you" to almost all of you who already have done that!

## ALPINE NEWS

### Fellow Alpine Enthusiasts:

Words of Advice for the ski season:

#### DRESS IN LAYERS

this will keep you warm and dry. Dress for changeable weather- bring more clothes than you think you need.

- **Wicking layer:** This layer should pass moisture away from your skin. Polypropylene or wool undergarments give you a dry layer next to your skin for more warmth. Don't wear cotton, cotton is cold when wet and very slow to dry.

- **Insulating layer(middle layer):** Polyester pile, fiberfill, wool, thinsulate, etc. are materials that will keep you warm and dry quickly. Down is a good insulator, but unprotected down will wet quickly and is slow to dry.

- **Protective Layer:** Keeps wind, rain and snow out. Raingear should be large enough to fit over all your clothes and should have a hood.

- **A Wool Or Polarfleece Hat Is A Must!** 40 to 75 % of your body heat is lost through the head.

- **Gloves:** To keep your hands warm and dry, wear polypropylene liners underneath mittens. Carry a pair of waterproof overmitts. Mittens are warmer than gloves.

- **Feet:** Dress in layers here too. A liner, then a thick wool sock and correctly fitted boots keep your feet warm and comfortable and prevent boot friction-also wear gaitors.

**BE WELL FED & WATERED...**

- **Eat Before You Go Out:** It's important to eat continually during your outing to replace expended energy. Bring a lunch-sugars (fruit or candy) for quick energy, carbohydrates (crackers, breads) for storing energy, and proteins (jerky, nuts, cheese, etc.) which become available to the body after several hours. Stopping for snack breaks lets you take the time to enjoy the winter environment, the reason you're there in the first place.

- **Drink Plenty Of Liquids:** Bring water with you, at least two liters per person. With strenuous exercise your body can lose 4-5 liters of water daily. It is essential that this water be replaced.

- **And above all else go ski!!!**

## NORDIC NEWS

Ski Season is almost here! We presently have scheduled two Nordic outings to Chapin Forest on Jan 10 & 24, and another Nordic outing to Holden Arboretum on Jan 18. Chapin Forest has excellent Nordic facilities, and is particularly well suited for beginners due to the availability of rental equipment and lessons.

There is no Alpine ski event scheduled for the weekend of January 10, so visit the wooded scenery at Chapin. Take I-90 to Rt. 306 south for 3.5 miles to Chardon Road (Rt 6) and turn right (west) for one mile to Hobart Road. Turn right (north) for almost 1/2 mile to the park entrance, located on the right (east) side of the road. Meet at Pine Lodge at 11:00 am. See the Chapin Flyer at the end of the newsletter for additional information. I will be at the NASA

DEB parking lot at 9:45 am on Jan 10 for those who wish to Car Pool. Maps to Chapin will be available there.

We will meet at Holden Arboretum on January 18, at 1 pm. Holden has wonderful scenery, with groomed cross country trails throughout. Randy Dunn is the contact person for this event, so check out the Holden flyer at the end of the Newsletter. While Holden does not offer rentals or lessons, rental skis may be obtained at Pine Lodge near Chapin Forest. The \$4 entrance fee at Holden entitles you to visit the park for the entire day. Try something refreshing and Ski Holden on Sunday, Jan 18!

## Ray of Sunshine...

**Hello Skiers & Boarders—**

**Jan Lemp** won the autographed poster of Brian Currutt, Olympian freestyle skier. Jan's a new member. And **Joyce Caldwell** won a 1-day ski trip.

**Sad news:** Former member **Jimmy Kovach** passed away recently. Our condolences are sent to family and friends. He suffered from several ailments.

He was an active member; learning to ski with the club, going on ski trips out west and to Canada, and going on white water rafting trips, among many other activities. He was a man with a great outlook on life; a

delightful person to be around. We all benefited from his participation in the club.

Congratulations to Laura Maynard-Nelson on her **Silver Snoopy Award**.

This award is given by astronauts to those who have made significant contribution to the Human Space Flight program.

Please don't forget to let **Nancy Piltch** know of significant events in the lives of our club members. Thereby we can give

out **Rays of Sunshine!** You can reach her at [Nancy.D.Piltch@grc.nasa.gov](mailto:Nancy.D.Piltch@grc.nasa.gov), 3-3637.
