**Volunteers Needed.**

Hey Lewis Ski Club! How's everyone doin'?

Make sure to check out the summer Activities schedule. We've already had a few inline skating events and biked the Tow Path. There are at least a couple of trips to bike the Islands (Put-In-Bay and Kelleys) kayaking, Canadian baseball, and rafting are coming up. There are more so check the schedule and Ski Club web site for updates. Any golfers interested in organizing a club scramble? Don't forget about the club picnic in August.

Our next club meeting is June 7<sup>th</sup>. The Trip committee met last month and the ski trips for next winter are tentatively scheduled. There might be one or two more that haven't been proposed yet. But we can give you highlights on some of them.

See you at the JUNE club meeting!

Your president,

Tim

## Nordic News

We have drafted a tentative schedule for next ski season, and there are a number of exciting new events on the Nordic roster. I would like to coordinate a team to compete in the 2006 Nordic Flurry 5k classic. This will take place one of the last Saturdays on January. (I will confirm the date soon) The Flurry is an annual event at Chapin Forrest, and is less than an hour away. Enter for the fun of it!

The 3rd Annual Enduro Race will take place early February, in the Malabar/Mohican area of Ohio. This race features a unique format, where teams of three skiers take turns completing laps on a short (1.6k) course, for two hours. There are many qualifying classifications, so we will make a go with the best our club can muster.

We also have a trip planned to Canaan Valley, West Virginia. This is a weekend trip from February 17 - 19, and is being coordinated by Linda and Jim Wright. There are both alpine and Nordic facilities, so everyone can have a good time.

Please contact me if you would like to organize your own Nordic outing with the club, or if you have suggestions for new events. My daytime telephone number is (216)977-7423, or email me at [thomas.haag@grc.nasa.gov](mailto:thomas.haag@grc.nasa.gov)

## Skiing Stops and Sailing Starts

By Paul Burik

With snow gone, the ski season is over. But summer can be fun too, especially since we live on the shores of a great lake. Our member Paul Burik, a commodore at the Lorain Sailing and Yacht Club (LSYC), has invited the ski club members to an open house at the LSYC on Sunday, June 12, from 2:00PM till sunset.

Sailing, like skiing, relies on your skills to get you where you want to go. Many sailors are also skiers and vice versa. There must be some

inherent likeness of these two sports. So this is your chance to try it out! While there is a lot to learn about sailing, only the sense of adventure is required to go for a sail at the open house. Food and beverages will be available - somehow the water always makes you hungry and real thirsty!

LSYC is located on the Black River in Lorain, next to the Coast Guard station, an easy 30 minute ride west on I-90 from downtown. For directions and other information, Paul can be reached at [paulb54@centurytel.net](mailto:paulb54@centurytel.net).

## IN-LINE SKATING

We had a great time skating at Wallace Lake, at Bonnie Park and on the Towpath Trail in May. We also got to meet Tim Beach's Siberian husky and have dinner at Hoggy's. There will be more weekly outings on Mondays. If anyone would like to lead one of these on a different day, let Victoria Briscoe know ([VBriscoe@msn.com](mailto:VBriscoe@msn.com)). You only have to pick a time and place. There are no checks to collect and no forms to make people sign.

## RACING REPORT

There was a meeting of the Club Race Chairs with the CMSC Race Committee on Wednesday, 4/13, at 8pm at Reineckers Party Center. A tentative weekend race schedule for next year has been set. One race has been added to the schedule, making a total of 14 for the season.

Wed., 12/28 Qualifier Boston Mills  
Sat., 1/7 GS Holiday Valley  
Sun., 1/8 SL Holiday Valley  
Sun., 1/15 SL Peak n' Peek  
Sat., 1/21 SL Bristol  
Sat., 1/22 GS Bristol  
Sun., 2/5 SL Boston Mills  
Sat., 2/11 SL Swain  
Sun., 2/12 GS Swain  
Sat., 2/18 SL Kissing Bridge  
Sat., 2/25 XLGS, GS Bristol  
Sun., 2/26 SL Bristol  
Sat., 3/4 Dual SL Holiday Valley  
Sat., 3/11 Dual GS Swain  
Sat., 3/12 Dual GS Elims Swain

Snowboard events will be held generally on the day of GS races, except where a one day slalom event is scheduled, but not at Combined.

One rule change of note: helmets will be MANDATORY for all GS races next year. This is being communicated now, as there was some surprise at the local helmet rule enforced by Bristol for Combined this year. Several folks had to scramble to borrow headgear at the race venue.

There will be a NYSHSAA race event at Bristol that will overlap with Combined. Hotel rooms will be scarce, so it was strongly urged that clubs make their reservations now. The Committee wants feedback from the Club's on several topics, including:

- 1) New venues, Seven Springs, Blue Knob, others?
- 2) Rules changes on points for determining Overall Champions  
(Best 10 of 14, etc.)
- 3) Split Groups format, to even out Group sizes, save money by racing on a single hill more often.

They are always open to hearing suggestions, anyone can submit ideas to me, and I will forward to the Committee Chair ([Mark.J.Hyatt@grc.nasa.gov](mailto:Mark.J.Hyatt@grc.nasa.gov)).

Race Chair, Mark Hyatt

## Biking the Towpath

Tim, Kay, John and Bob met up at The Winking Lizard in Peninsula at noon a couple of Saturdays ago. Mike, your Alpine VP showed up on a motorcycle to see us off. The weather was great as we headed off south towards Akron. The Towpath is a family friendly trail – no hills, crushed gravel trail so there are no inline skaters, it's fairly wide and there are a few interesting stops along the way for site seers (Beaver Dam drew a respectable crowd). In fact, there weren't many people there at all. They all started showing up as we got back to the Winking Lizard. It was really an enjoyable day and John found a new favorite beer.

## Horseback Riding Report

Yippee, we found a trail ride operation in our Metro parks. It turned out to be a true western adventure for the 6 skiers [Tim Kurtz, Kay Blaney, Kathleen Moran, Nancy Piltch, Victoria Briscoe, and Cliff Wolfe (New Member)] on the sunny, yet brisk day of May 15th. We had all donned our outdoor gear/western wear and trekked over to Riverwood Stables. Their sign was fairly hidden in the tall grass, but we all found the barn located off of Barrett Road.

We did a little wrangling to make sure that we got six horses and a couple of them were spirited at eating shrubbery (Kay and Cliff got to horse dance). We all saddled up after signing all the release forms and moseyed down to the river, twice!

Our ski club president, Tim, sure looked mighty relaxed sitting on his horse. And to think just days before he was snorkeling in the keys! We got a good group shot of us all lined up. As the most experienced rider, Kathleen is in lead on the tallest horse! The woods were pretty with wildflowers and it was nice to ride if only for a little while. They did make sure the trail was safe for us and sent three guides to help us and shared fun stories of their riding adventures.

The river was swollen that day from heavy rains and our horses were unable to cross it safely. If you'd seen the small size of Nancy's spotted horse...wow doggies, she would have been swept away for sure! So, we circled on back and dismounted with wide grins. It was a nice experience for all on a Sunday afternoon and then it was chow time!

Our next trip is being proposed for either July 10 or July 11th for a new group of adventurers. Details will come out in next month's newsletter. (Couple of lessons learned: 14 and over, and wear long pants and boots/shoes with heels, plus wild horse clothing allowed--you should see the western flames on the trip leader's shirt!)
