**P**resident's message... The beautiful weather outside is telling us that it is time to start thinking about our picnic! We have secured Albion Woods as our location on August 3<sup>rd</sup>; Tickets will be sold at the June club meeting so be sure to attend! We encourage everyone who wants to come to buy a ticket in advance- it really helps us tell our caterer what to bring so everyone can get enough food. We are also looking for picnic committee volunteers - the picnic can't happen without you, so please step forward & help us out! I can take volunteer nominations through email ([staceybagg@gmail.com](mailto:staceybagg@gmail.com)) or at the June meeting.

Our trips committee has been very active lately, and they have proposed to the board 3 week-long trips next year! I can't promise anything, but I can let you know that we are looking at Vail, Aspen/Snowmass, and Snowbasin/Powder Mountain trips next year. Come to the June meeting for your first chance to sign up for one (or two or three...) of these! In addition, week-end proposals to Boyne Mountain and Laurel Hills lodge have been presented, and day trips to Holimont, Holiday Valley, and Seven Springs have been planned out. It looks like we have a LOT of skiing ahead of us in 2011!

Speaking of skiing, it's time to find a new ski queen! Bring your nominations to the June meeting so we can crown her at the picnic!

Finally, our list of summer activities is included later in this newsletter - check it out!

All queens who compete win prizes ranging from gift certificates for gear, to lift passes to local resorts, to week-long get-aways at awesome resorts! ## **Trustees Annual Report of Activities**

Per the request of a club member, the Trustees conducted a due process review regarding the motion and vote on subscription fees which was conducted at the April, 2010 general meeting of the Club. We find that the Board, under new business, took up the discussion of this fee during their March meeting, in the context of membership dues. Further, we find that the fee constitutes a payment from a member to receive a service from the Club to which all members are entitled by the payment of normal dues. As such, the proposed fee fundamentally constitutes a change in the dues structure of the Club, and was subject to the publication requirement prior to the discussion, motion, and vote taken at the April general meeting. A point of order was also found in the review of the minutes of the March Board meeting. It was recorded that the Vice President - Alpine made the motion to recommend the fee change. The presiding officer of the meeting is not allowed to make or second a motion for a vote (Roberts Rules of Order, which provide the governance model for our Club, Article IV, Section 12). The presiding officer may only call for a motion to be made. We find that due process under the Constitution was not served in this case, and that the result of the vote taken at the April general meeting is void.

The Trustees conducted an audit of the Club's finances on April 27, 2010. The audit was conducted with the support of the current Treasurer and the Treasurer elect. Pending distribution of the financial records for reference, no discrepancies or issues were found with the Club's financial records and reporting for the period subject to review. A subsequent meeting with two Trustees and the Treasurer present was held on May 18, 2010. A detailed review of the accounting records provided by the past Treasurer revealed no other actionable items for the purposes of the audit. This concludes the annual audit report to the Club.

## Recap of Friday Night of the Movies

Eight of us... Renae, Rosemary, Karen, Ron, Kathleen, Paul, Scott and I met at the Luxe before the movie. It was the perfect place to meet and eat. The food was good; the menu was varied, and the service was excellent - the server knew a lot about the menu, the neighborhood and he was funny to boot. They easily fit in both small and large groups.

The movie theatre was spacious and if you don't want to ever get shut out of a first run movie, then go there...with 500 seats that's not likely to happen. The sound system was excellent - I never even heard the raging storm overhead with all the large hail and high winds that decimated the surrounding neighborhoods. The movie was good too! (Iron Man 2).

I stopped at the Stone Mad Brewery afterwards and got a guided tour of the place. The craftsmanship is just amazing. If you get a chance, stop by...the stone, wood, glass and tile work is beautiful. They also have an indoor bocce court and the outdoor patio is a perfect place to spend a summer night. Article by Therese Telzrow

## Recap of Stanford Trail Hike

"I've heard Dick Goddard say, "Never cancel your plans based on the forecast." True statement! The morning was perfect for Bernadette Kan, Dawn Pottinger, Therese

Telzrow and Jim Slivka. The weather was actually hot and sunny. Some creatures that were highlight-

ed along the 5 miles..., a barred owl, turtles, frogs and ducks. Because we chose to hike through the fresh trail renovations, we grew Frankenstein feet after an especially muddy section. We admired the new bridge across the river, and we appreciated the dedication of those who have built it. I was told it was all done by volunteers. It's spectacular! Of course, we stopped to experience the Brandywine waterfall. The frozen treats from the Trail Mix store was a great way to so-

cialize and end the hike. I hope you get the chance to check it out!" Article and Photos by Bernadette J. Kan
