## President's message

Greetings all,

As I write this the weather outside for August is a cool 63 degree F. What this means is fall is on the way and before you know it, SNOW is coming. I heard about this El Nino "Bruce Lee" which may bring forth greater snow for our ski season. So don't delay, start checking your gear and get fit for the ski season NOW....

Speaking of skiing gear, one our own ski instructor extraordinaire, Mike Kaltenstein will be giving a talk at the Sept meeting. His topics are: What to look for in a ski, How to interpret the ski specs? Different types of ski types etc. So come out and learn and socialize with us.

The summer activities were awesome and is still going strong. See the write up of previous events and check the calendar for future events. <https://lewisskiclub.org/calendar>

Weeklong trips to Whistler, BC and South Lake Tahoe, CA are filling up rapidly. Check it out on the web for more info. <https://lewisskiclub.org/trips>.

This year we are trying something new. A trip to Mt Snow, Vermont in between our 2 weeklong trips. Check out the blurb inside the newsletter.

Also, upcoming is the Boston Mills /Brandywine (BMBW) open house on Oct. 16, 17, and 18. It's a great time to get some used gear or new gear at discount. We need some volunteers to staff the Lewis Ski Club table. It's a great time to meet new people or sell your trips. If you could help out, it is appreciated.

Finally, it is time for membership renewal. Please login to the website and renew online. If you login and renew, it will save you time. Doing so will pre-populate your membership application form with previous entries and ensure your renewal is processed properly. If you have questions, go to the Frequently Asked Question (FAQ) page and see if it can help.

## August activities

August was filled with some great club activities. The first event was the **Stevie Wonder Experience concert at Lock Three** in Akron on August 1. Five of us met to enjoy the music of Colin Dussault's Blues Project. This warm up group was high energy and got the crowd going. We enjoyed socializing with each other over the break. The Stevie Wonder tribute band started on a high note with an energetic hit song. Unfortunately soon after, the band played one obscure song after another with the promise of more hits after the break. When that didn't happen we became bored and left early. Once home I watched Stevie Wonder on YouTube to reminisce about the songs we did not hear. They were so fun to listen to!

The next weekend eight members meet on the tow-path at Rockside Road. for the **Towpath to Tremont Ride** on August 8. The path north of Rockside is quiet and scenic without the traffic you get going south from there. It was a beautiful day. We had a few challenging hills on the way to Tremont but we all made it up one way or another. Once in Tremont, we rode leisurely around the neighborhood looking for a place for lunch. We settled on The Treehouse. Everyone seemed to have a terrific time eating, relaxing, socializing and joking around. Fortunately those challenging hills went down on the way back!

Friday, August 14 was the **Sommer Oktoberfest at Donauschwaben**. Twelve members met for the opening ceremonies on another beautiful evening. While waiting for the keg from Munich to be tapped, we enjoyed delicious German food and beer. Ray and Warren fought the crowd to get samples from the keg once tapped. Sandy's band played and she found us after their performance. Others enjoyed dancing to the music, hiking and just hanging out. Once again, it was a fun filled night at the German club. Join us in September for Beer and Brats.

Enough ski club members gathered for **Badminton Night** at the beautiful East River Park in Olmsted Falls for us to have several lively badminton games. We used two picnic tables, had a large open area to play and also got in a good workout. Although the park was a little hard to find, everyone loved this beautiful "hidden gem." All of us honed our skills and reminisced about how long ago we last played. It was decided to schedule another badminton outing in September since everyone really enjoyed it.

Eleven members met on the patio of the **Old Wine Shop in Olmsted Falls for a German Wine Tasting** on August 21. What a beautiful night. Yes, once again the weather cooperated. Have we been lucky this summer or what? We tasted 2 reds and 4 whites. Most wines were somewhat sweet with only two dry selections. Everyone found their favorites from the selections. We ordered brick oven fired pizzas from the street vendors which really hit the spot. I was a very relaxing evening.

## **Upcoming activities**

### **Badminton Night 2, Tuesday, September 15 at 6 p.m.**

We had so much fun last time, we decided to schedule another time to play. Let's meet for a friendly game of badminton. Remember playing this game in your younger days?? For those of you with a big appetite for winter adventure, Aaron Swank and Rachel Wise are coordinating the Washington Hot Hopper Trip, January 2-10, 2016. See the trip flyer in this Newsletter or check out the club website. Thank you Aaron and Rachel for putting this trip together!

## **Whistler trip update**

Sign-ups for the Whistler 2016 trip are progressing nicely with 13 deposits already received and numerous indications that there should be around 30 by the end of September. I am getting about three calls per week about the trip. I know it is early but don't wait too long to sign up; early indications are that we will likely sell out.

**Tom Palisin, trip leader**

## **Brecksville nature hike**

The beginner hike on Sunday, August 30 was just right for the seven friends that joined Bernice. The weather was sunny 80+ degrees; cool in the woods with a dry trail even with the rain the night before.

The hike was approximately 2.5 miles for 1 hour and everyone seemed to be at the same pace. After the hike, we went to Burntwood Tavern to socialize and enjoy half price appetizers and drinks.

It was a nice time to enjoy the end of summer in the Brecksville Reservation with friends.

## Washington Hut Hopper 2016 Additional Trip Details

5 Hut System in North Cascades near Winthrop, WA at 4000 ft elevation.  
4 nights in huts and 2 nights in Brown's Farm cabin in Methow Valley

Rendezvous trail system is 25 km groomed trails with additional off trail snow opportunities. Additional 200 km groomed trails in valley trail systems. Methow, Sun Mountain, and Mazama trail systems.

This is an eight person ski trip, primarily traditional cross country skiing and skating with opportunities to use telemark skis, and venture off trail by ski or snowshoe.

This trip is designed for those who have had previous outdoor experience and have basic skills associated with camping, carrying a pack, and dressing appropriately for exercising in winter conditions—layering is recommended. Although the trails are typically groomed, in the case of inclement weather, participants must be comfortable skiing on un-groomed terrain.

This trip would be considered intermediate level for skiing and winter travel skills and should not require avalanche training or other advanced survival skills. The huts are generally 6 miles apart, and grooming is extensive, trails are wide, and are mostly on forest service roads.

Freight hauls have been arranged for packs and food to be transported to and from cabins, but use of a lightweight daypack is recommended for carrying extra jackets, snacks, and water. Each participant will be allocated no more than 25 lbs. for personal gear on the freight haul. Sleeping bag, clothes and extra gear will be transported for skiers via snowmobile. Each snowmobile haul is strictly limited to 300 lbs. total. (100 lbs. reserved for group food and gear).

Huts are considered primitive with outdoor pit toilets, full kitchen with propane stove, and no running water. Water is obtained by melting snow. Huts are small with a bed and sleeping pad. The entire group of 8 will share one hut each night; expect close quarters. Cabin has modern amenities.

**Trip price currently does not include airfare to Spokane, WA. After the trip fills (or no later than Oct. 1<sup>st</sup>) we will make an attempt to reserve airfare as a group on the same flight. The airline tickets are non-refundable and cannot be changed once purchased from the airlines. Purchasing the airline ticket will reserve your spot on the trip. Airline price is expected to be \$600 to \$650 (Cleveland – Spokane).**

Since the airline tickets are non-refundable and are purchased from the airlines directly, the Lewis Ski Club highly recommends purchasing additional trip insurance. Depending on the airline, additional travel insurance may be purchased at the time of airline booking.

**See next page**

A number of companies will also insure entire trips. See for example (in no particular order):

- <http://www.travelguard.com>
- <http://www.insuremytrip.com>
- <http://www.allianztravelinsurance.com>

Trip lodging itinerary is as follows: 1 night hotel, 4 nights huts (3 different huts: Heifer, Cassal, Cassal, Grizzly), 2 nights Brown's Farm Cabin, 1 night hotel.

Approximate distance between the huts:

(see online for more details: <http://www.rendevoushuts.com/maps.html>)

\*note: map online is in km

- Cub Creek parking area to Heifer: ~6 miles
- Heifer to Cassal: ~9 miles
- Cassal to Grizzly: ~2.5 miles
- Grizzly to Cub Creek parking area: ~ 7.5 miles

Food will primarily be bought and organized after reaching WA. Dinner will be cooked and organized as a group, while breakfast and lunch will be decided more on an individual basis when trip itinerary permits.
