April, 2022 – *Elections!*

Prez Sez

It's another ski season winding down. COVID slowed us down a bit in early Jan 22 but we came back to run several 1 day trips to Holiday Valley and a couple of cross country events. For our weeklong trip, Lewis Ski Club (LSC) went to Winter Park, CO. Many thanks to our trip leaders that volunteered to make the trip fun and enjoyable for everyone.

We will vote for officers at the April club meeting. Club government positions elected by the club includes President, Alpine VP, Nordic VP, Recorder, Publicity Director, Treasurer, and Trustees. Per our constitution, we need a quorum, which is defined as 10% or more of all current club members. at a scheduled meeting. If we do NOT make this quorum, this election would be void. So please make every effort to attend this April meeting and vote for your elected officers. We will provide some yummy food and snacks for all to enjoy.

See you at the April Ski club meeting.

T. Vannuyen, President

April Membership Meeting

Our April meeting will be a LIVE IN-PERSON meeting at the Donauschwaben German-American Cultural Center. Social time starting at 5:00 p.m. preceding the 6:00 p.m. meeting. We will go a little upscale on food and snacks for this meeting to encourage increased attendance at this important meeting, which will feature the elections...

Elections

At the April meeting we will be conducting our elections. We need to have at least 10% of our members voting for a valid election. While we normally get that number in attendance, we have also set up an email for early, emote voting. This is a new option which was approved by the members last year.

While we encourage you to attend the meeting and vote in person, if you cannot, please take advantage of the option and use this email to send in your votes:

elections@lewisskiclub.org

You e-mail will go directly to the Nominating Committee, who will tally early votes prior to April 5. If we have other nominations on April 5, we will adjust accordingly.

The following are available and willing to come back to our current positions. Our current Nordic V.P. declined to be considered for another term, so we will need a new Nordic VP (Thank you for your service, Jan). We will also need a new trustee to replace Lori M (Thank you for your service, Lori).

Here are the nominations (and **still needed**) so far:

Alpine Update

2022 Summary -

It was a great year of recovery. In our recovery, we were able to have three great day trips and an awesome weeklong

trip to Winter Park. One of the most important aspects of the success of these trips are the trip leaders. Without these volunteers, we would not be able to run these trips and enjoy the winter sports we love. If you are interested in becoming a trip leader for the upcoming season of 2022-2023, please email me (that's "Alpine V.P." in our [contacts list](#)) your interest as soon as possible so we can include you in future discussions.

Holiday Valley 5 Trip Report - What a fantastic trip to close out the season! Even though we had one westsider who overslept (we won't mention any names), they met us at the east side pickup, and it all worked out since the bus driver had to do a TP run at Home Depot. We enjoyed a nice continental breakfast which consisted of croissants, fruit cups, hard boiled eggs and juice. The roads were clear and the traffic minimal, so we ended up getting to Holiday Valley a little early.

It was a cold start, but who cared because the conditions were fabulous! Holiday Valley got 2-3

inches of new snow and since the temps only went up into the 30s, the snow remained excellent all day.

After a great day of skiing, we headed to town for "apres skiing." It was a brilliant idea to partner with Suburban Ski Club to ensure this trip could go. What a

great group of folks!

Until next year – ski hardy my friends.
