

LEWIS SKI CLUB

NEWSLETTER

June 2025

Message from our President

Greetings! As we welcome warmer weather, your favorite ski club is still hard at work planning for next winter. In addition to our 2026 ski trips, we have a calendar full of summer and fall activities. The new board has hit the ground running with a plethora of new ideas! I hope everyone enjoyed getting to know us in our May newsletter. This month we are featuring our trustees, and our annual Ice Cream Social which will be held during our June 3rd general meeting. We will be looking for volunteers to help with the August picnic. We've worked to make this event more cost effective by having everyone bring either an appetizer, side dish or dessert. Volunteers are needed to purchase ice, beer, spiked sparkling beverages, pop, water and wine. (Any money spent is quickly reimbursed.) We need someone who will help with door prizes to reach out for donations from our local businesses, and the ski resorts we visit. After last year's tornado, just as the party started, we're looking forward to a great turnout on Tuesday, August 5th.

In closing I want to give you my assurance that as your president I plan to do what I can to ensure the future of Lewis Ski Club. We need to be thoughtful in our spending and deliberate in our actions. I welcome your assistance to ensure the success of this great organization.

Kim H.

Alpine VP Message

I didn't realize it when I accepted the nomination for Alpine VP, but now I see that with great powder comes great responsibility. I hope to learn and share useful information in our monthly newsletters.

It may only be spring, but planning for the 2026 ski season is already in full swing. Our Big Sky trip is selling well with only **8** spots remaining, and Epic and Ikon season passes are on sale. Epic Pass prices have already increased as of May 27th and the CMSC Ski Travel show was held on May 10th.

With Big Sky filling up nicely, a second weeklong trip is being considered for earlier in the 2026 ski season. We should have a decision about that trip ready for the July newsletter and our August Ski Club picnic.

As for our local trips, we are considering a mid-week overnight trip to Holiday Valley with ski-in, ski-out accommodation, which could be a nice addition to our Alpine schedule. As for our one-day trips, once lift ticket prices are set for the upcoming season, we will decide whether to expand our offerings beyond Holiday Valley.

Regarding trip insurance, which more skiers are finding valuable, I learned at the travel show that there is an option for annual trip insurance which could be a better deal than separately buying the insurance for individual trips. I will learn and share more about that option as we approach the 2026 ski season.

Finally, I was surprised to learn that many local clubs have already begun planning for the **2027** ski season, to ensure accommodation at the most desired destinations. We will also start thinking long-term in our planning.

Mark M.

Behind every great club is a group of volunteers committed to building a culture that encourages fun and friendship while promoting a shared love for skiing, snowboarding and outdoor adventure.

Meet Valerie, our Trustee

I am one of the original charter Lewis Ski Club members which started after a group of us “20-somethings” at NASA signed up for a Learn-to-Ski package at Brandywine on Thursday nights after work. We decided we loved skiing and got the idea to form a Ski Club around 1979 or so. I took a break from the Club when I had my kids; however, we continued to ski as a family. I then re-joined after they grew up. My son and I joined Annie Easley’s trip to the French Alps when he was in college. It was an amazing trip! I also skied with the Club at Whistler Mountain, Lake Tahoe, Mt. Bachelor and many trips to Holiday Valley and Holimont. I also enjoy camping and look forward to our camping weekend in August each year.

I’ve served as a member of the “food committee” for our monthly meetings and the annual picnic, as Nordic VP, then Newsletter Editor, and currently as one of the three Trustees. It’s fun to help with the Club events. I

recommend more people join in with these tasks to meet more people and get to know what we are planning. We welcome your new ideas!

I recently started a business to build a small campground in North Carolina with my business partner who is a building contractor. I volunteer in other areas too, including my church where I’m part of the Building and Grounds committee to keep the facility running smoothly. I’m also the Treasurer of a local art club.

In the future, I’m hoping to see our Ski Club grow so that more people can enjoy the benefits of skiing with such a great group of people!

This is me, somewhere out West!

Meet Denice, our Trustee

I have been with Lewis Ski Club for about 5 years but started attending meetings about 3 years ago. Currently, I'm serving as Trustee and just completed my first year as the club's President. Serving in this position was eye-opening and an opportunity to meet more of our esteemed long-term and newer members of the club. I truly appreciate my fellow leadership in helping me navigate through the workings of our group. I still need to read our Constitution and understand it as this is vital to our club's well-being.

I'm gainfully employed at A.J. Rose Mfg., Co., Inc. as a Quality Specialist/Lead ISO9001 Auditor/ IATF16949 Supplier Auditor. I have three more years to go at this, but I have plans to retire before then.

I have always enjoyed the great outdoors: golfing, camping, fishing, hiking, horseback riding, skiing (both Alpine & Nordic), wine and dining.

It's been a long winter, and I need to get back into the exercise groove at Avon UH Fitness center where I'm a member. I just signed up for the 8-week Avon vs. Avon Lake Challenge and a small Cardio/Strength training group for 6 weeks. That should do it!!

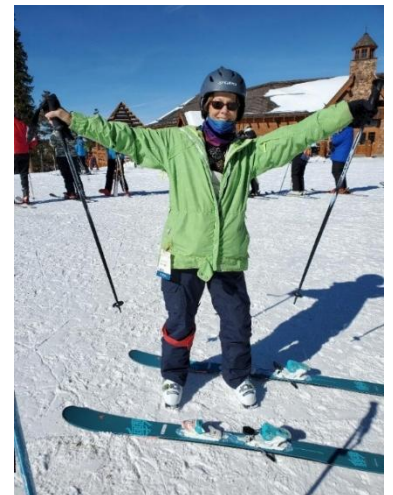

I'll see everyone this summer – hiking, biking, camping, wining, etc.

Meet Lisa, our Trustee

I started skiing in high school and on the first couple outings to Boston Mills and Brandywine I was on my butt more than skiing down the hill and was ready to give up. I took a lesson or two and started to get the hang of it. Then I was hooked. I started working at NASA in the early 80's and heard about the ski club, so I thought I'd give it a try. I was only able to go on the one-day trips due to my family's schedule, but in the last few years I've started going on weeklong trips and I'm having a great time!

My boyfriend doesn't ski so going with the club works perfectly for me. I go skiing and he stays home and takes care of my dog. He came to one of our picnics and members tried to get him to take up skiing in his 60's! But then other members talked about their ACL, knee and wrist injuries and he said he'd rather watch the dog.

I was the Membership Chairperson for many years back when we registered by sending forms and money by snail mail. I've served on the Refreshment committee for the monthly meetings and have helped at our picnics with whatever was needed. I've run several one-day trips to Seven Springs and Holiday Valley. I was a ski queen candidate for the club way back when. That experience showed me that a lot of work went on behind the scenes between the clubs. I met some wonderful gals and got some free skiing bling to boot! Now I'm a Trustee and I encourage other members to participate and help out. Many hands make for light work and our collaborative ideas make the Lewis Ski Club so much better!

We'd like to conduct a survey of our membership; however, it is not cost effective to purchase membership to Survey Monkey and the free version is not adequate. Does anyone have an account or a way to help us in this area? If so, please contact Shari at publicity@lewisskiclub.org.

We also need...

- Volunteers to help with the August picnic to purchase ice, alcoholic beverages, pop, and water or to reach out to local business and ski resorts to request door prizes.
- Refreshments for our monthly meetings.
- Someone to organize a recruitment event.
- Any money spent is quickly reimbursed!

To lend a hand, please contact Kim at president@lewisskiclub.org.

Big Sky Update

We're going BIG March 21 – 28, 2026!

Our flight has been secured on American Airlines. The total trip cost is \$2,370 + lift ticket. Flight times are posted on the trip page. **Just 8 spots remain.** Come be a part of it. Registration has never been easier. Continue reading for more details or visit our [trip page](#) to explore the package, check availability, and register for your adventure.

Presque Isle Bike Ride and Beach Picnic

We've scouted out a great spot to meet for our adventure!

Join us at Beach No. 8 Pettinato at 10:30am on Saturday, June 7th. Beach 8 offers easy access to the trail; modern restrooms and a concession stand. To top it off they have large solar panels that act as carports to keep our cars cool on a sunny day!

Presque Isle State Park offers beautiful views of Lake Erie and 13 flat miles of trail that loop around the peninsula. Along the way, we'll stop to check out the various beaches and attractions, such as the lighthouse and Perry's monument. We will end our ride back at Beach 8 to enjoy a picnic lunch (bring your own) on the beach.

As I write this, Erie, PA is currently forecasted to be 69 and partly sunny on June 7th (the peninsula might be cooler); however, we won't drive two hours without reasonable assurance of a nice day. Our alternate date is Saturday, June 14th. Watch your email and our website, in case we need to pivot.

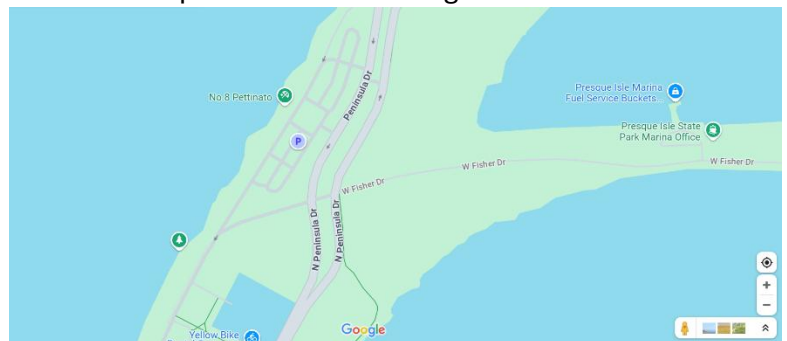

RSVP: Joining us? Shoot me an email and we'll look out for you publicity@lewisskiclub.org.

What to bring: Bike, helmet, water, cooler, lunch, snacks, drinks, beach chair, kite, flip flops, etc.

Directions: N. Peninsula Drive is the main road that loops around the peninsula. Most of the loop is one way in a counterclockwise direction. Follow Peninsula Drive past the Waterworks area. Next, cross W. Fischer Drive (you'll see signs for the Marina). As soon as you cross W. Fischer, get in the left turning lane and take the cross-over, following the signs for beach 8. Boom, you're there! If you miss the cross over, there are a few more on the narrow neck of the peninsula, but if you miss them, you'll be stuck taking the loop around the Northeast end of the peninsula and circling back.

Later, on your way off the peninsula, consider stopping at the state-of-the-art Tom Ridge Environmental center. Kim and I scoped it out – it's amazing and includes a great gift shop. See you next Saturday!

Mountain Travel Symposium 2025

Mountain Travel Symposium (MTS) is the largest annual conference for mountain travel professionals in the world. There are more than 800 representatives from 35+ countries who come to build their business and establish relationships by creating a strong mountain adventure. Every year, the MTS is hosted by a different resort. This year MTS was at Snowmass, CO. It was an opportunity for a trip leader from each club to go and meet other trip leaders and vendors to connect and build relationships. Think of it as an extended familiarization trip.

You have 2 options if selected for an invite:

Standard option: Travel on Wednesday, ski on Thursday, attend the conference on Friday, ski Saturday then travel home Sunday.

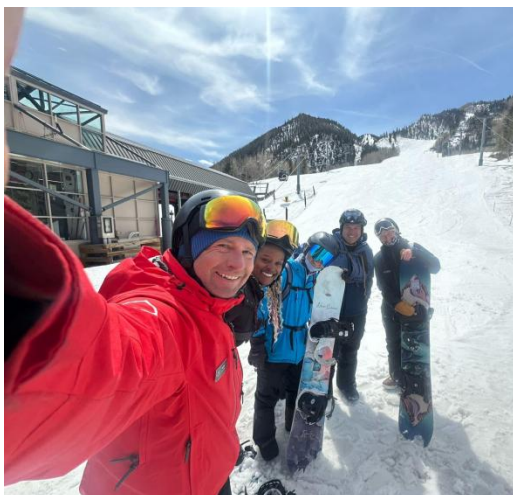

Extended option: Travel on Monday, ski Tuesday - Thursday, attend the conference on Friday, ski Saturday then travel home on Sunday.

I selected the extended option: Monday, April 7 through Sunday April 13.

**Snowmass has four mountains to choose from:
Aspen, Aspen Highland, Buttermilk and Snowmass.
My personal favorite is SNOWMASS.**

On Monday we were treated to a welcome reception hosted by Snowbird and Copper Mountain. It included a casual night of mingling with other trip leaders and host reps. We swapped stories and got jazzed for the next day.

On Tuesday we skied at Aspen and were treated to a professional instructor in groups of 4-8 participants, depending on your level of skiing. My group had 3 snowboarders and 2 snowboarding instructors. We visited local ski shrines hidden in the mountain, hiked to scenic routes, and took some great pictures as part of a tour of the Aspen Mountain layout. In the evening, we had après at Gravity Haus with cocktails, appetizers, and some cool surprises.

On Wednesday we received site tours of condos including The Top of the Village, Timberline, Crestwood, Stonebridge Inn, and the Snowmass Club Villas and were back on the slopes by 11am. We stopped at the Slider Cabin for some sandwiches and drinks before heading back to ski the rest of the day.

On Thursday we skied at our destination of choice. Some went to Aspen, while others went to Aspen Highland. Buttermilk was already closed for the season. I opted to stay at SNOWMASS. Did I mention it was my favorite?!

In the evening, we had a mix-and-mingle with other group leaders and ski suppliers while enjoying sliders, a mac & cheese bar and salad bar. Following dinner, we enjoyed a dessert reception sponsored by Ski.com where we met at least 30 reps from different US and international resorts. We discussed 2026 destinations and deals plus possible 2027 options.

Friday was kicked off with breakfast sponsored by Visit Anchorage followed by Morning Group Exchange - think speed dating on steroids! Trip leaders are assigned a table with their club info and potential destinations. Every 10 minutes a new vendor visits to discuss deals and new opportunities to visit their resort or destination. I had 30 pre-scheduled appointments to do business and make connections. Lunch was sponsored by Trentino Dolomites of Italy. We enjoyed great food while hearing all about skiing and riding in Italy! We finished up our Group Exchange appointments after lunch. Our day was topped off with a farewell happy hour sponsored by Snowmass Tourism and Tourism Whistler.

On Saturday we enjoyed Catch Up over Coffee which was sponsored by Sports America Tours. While we enjoyed coffee and breakfast the team from Sports America led discussions pertaining to the ever-changing group travel industry and what's impacting club planning the most. The most discussed topics were airfare and travel insurance.

We skied and snowboarded at our leisure. An on-mountain lunch was sponsored by Aspen Snowmass. This year the theme was "Go Hawaii". Many came with tropical shirts and hula skirts. We took a break from the spring skiing and grabbed a bite with our MTS friends!

In the evening, we had a networking reception and sit-down dinner where we heard presentations from four sponsors: Alpine Adventures, Club Med, IKON Pass and Japan National Tourism Organization.

On Sunday we travelled home. The 2025 Mountain Travel Symposium was a great chance to see old friends, make new ones, check out lodging at Snowmass, network and make new connections. We discussed many important topics relevant to our travel and the ski industry. I had a wonderful time with everyone.

Recap Boston Run Trail Hike

We had good turnout and great weather for this hike which had us going up and down several hills (it was not flat!). It was a great chance to catch up with everyone as we walked along or as we waited for others to catch up. The sun felt so good, and the temperature was just right. I love spring hikes!

We weren't the only ones taking advantage of all that the Cuyahoga

Valley National Park has to offer. It was also the Ramp festival and the Steam in the Valley with their Nickel Plate 65 steam engine on the tracks which drew a big crowd. That was in addition to all the hikers and bikers enjoying the beautiful spring weather.

Lunch at Fisher's was excellent as always!

Thank you to Bernadette for again leading us on a very enjoyable hike.

HOW DO YOU EAT AN ELEPHANT?

At a resort as big as the sky, you'll need a strategy.

Plan A – Ski the Sky Loop self-guided mountain tour. Explore new runs and experience some of the best of Big Sky at your own pace with a step-by-step guide to get around the mountain on your own. The route is intermediate-skier friendly and can be started from any base area.

Record your journey in the Big Sky app or tracker of your choice. Complete the loop, show the team at the Mountain Village Basecamp and get a special pin to celebrate your achievement!

Plan B – Get the lay of the land with complimentary tours and helpful information from local volunteers who will share directions, information, recommendations, and, if you're lucky, their favorite spots to ski. They will point out the advanced and expert runs and can answer all your terrain questions.

South Side morning tour covers terrain off Swift Current, Ramcharger, and Southern Comfort.

North Side afternoon tour covers terrain off Swift Current, Iron Horse, Madison, and Lone Tree.

How many bites can you take?

Recap - Celebrate Trails Day with Canalway Partners Bike Ride

Despite the chilly temperatures and the grey skies there was still a decent turnout for this event, although I was the only one in attendance from our ski club.

The event kicked off with various speakers including Chris Ronyne, Cuyahoga County Executive, Brian M Zimmerman, CEO of the Cleveland Metroparks, and representatives of the Cleveland Mayor's office, Cuyahoga County Greenways Partners and Bike Cleveland.

our

It was also the kickoff of the Bike with a Mayor season with several mayors in attendance. It was exciting to hear about all the efforts that have gone into establishing all the new and existing trails which now reach 325 miles that not only connect Cleveland throughout the state but will soon connect both the east and west sides of Cleveland. Find out more at Canalwaypartners.com.

Volunteers from Slow Roll Cleveland did an excellent job taking us through the eight-mile bike ride through the flats both on and off the towpath trail. We first climbed the hill into Tremont (ugh! especially my first time out on my bike) and then through the flats back to Canal Basin Park.

The next Canal Way bike ride is May 18th with rides continuing the third Sunday of each month from June until September. Please consider attending Sunday Social rides to explore Cleveland by bike. Details can be found at Canalwaypartners.com.
